Login Validation

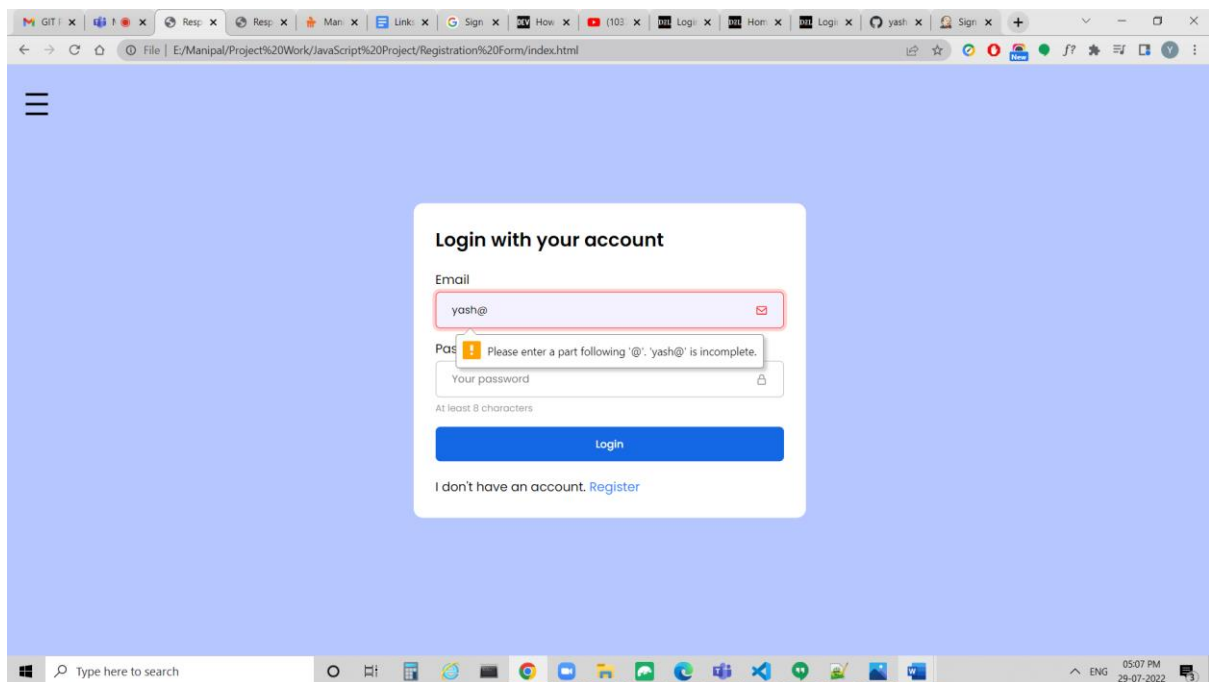

We have Validation for Email and Password.

Email Validation

In the below screenshot, this Message is given: Please include an '@' in the email address. 'yash' is missing an '@'.

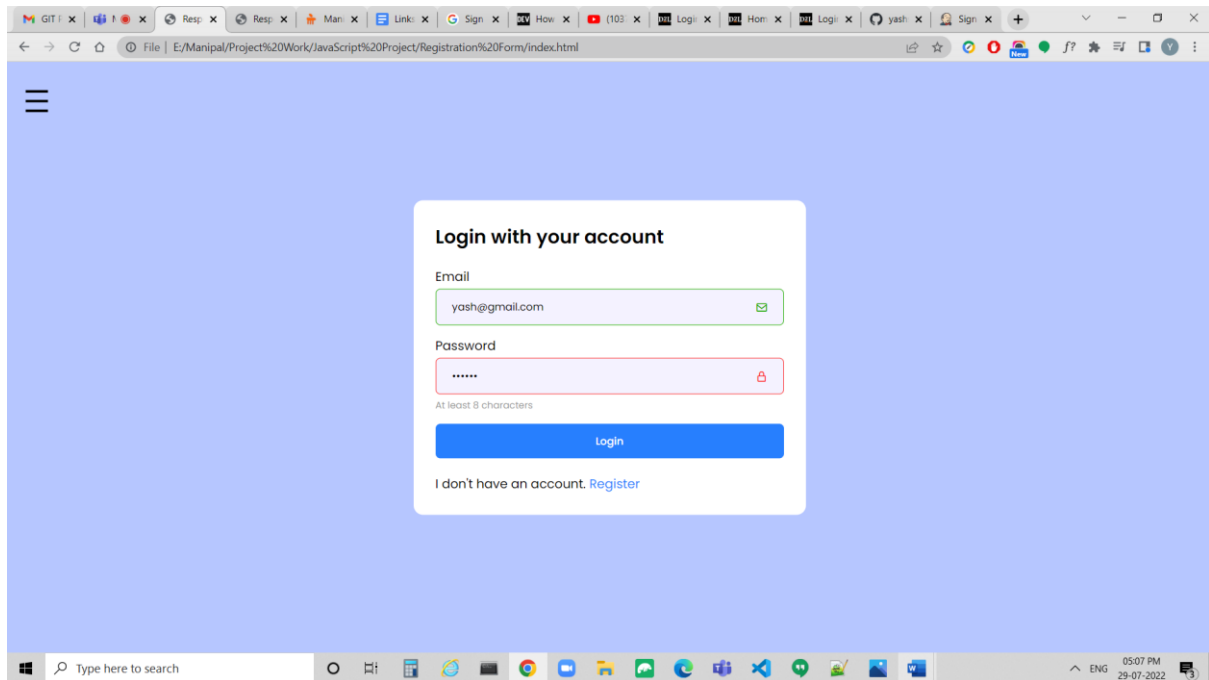

In the below screenshot, this Message is given: Please enter a part following '@'. 'yash@' is incomplete.

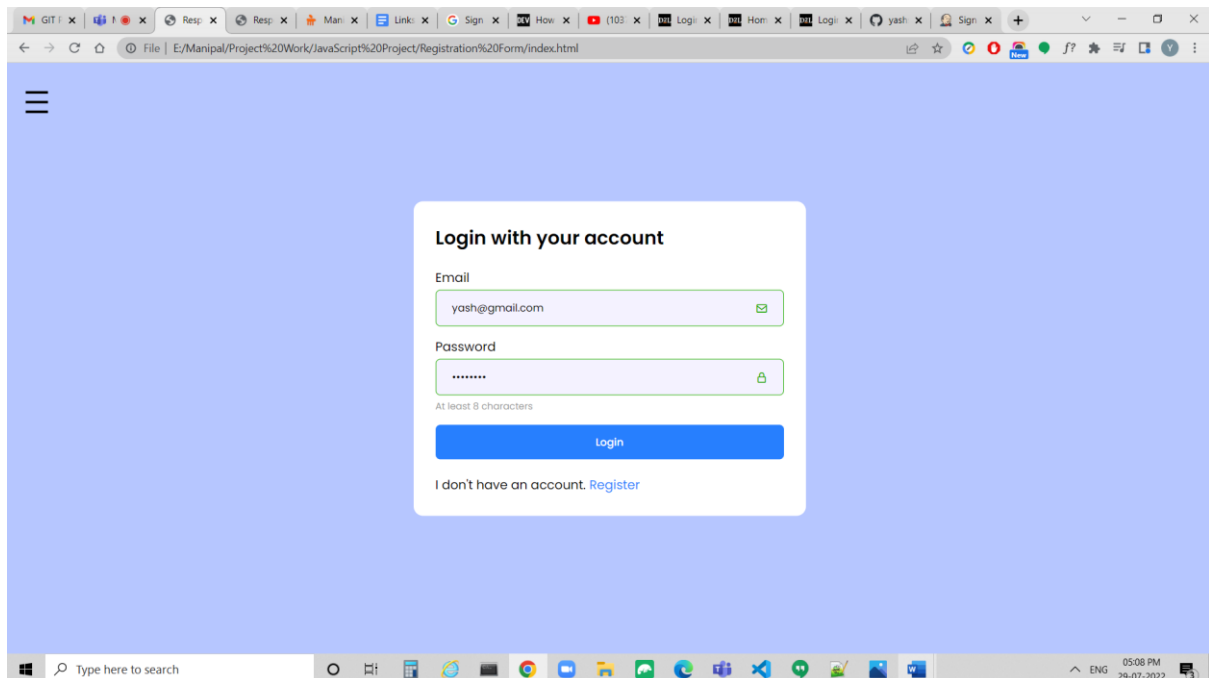

Password Validation

The Password should be At least 8 characters long.

In below screenshot, we have given Password of less than 8 characters, so Password field is highlighted in red color.

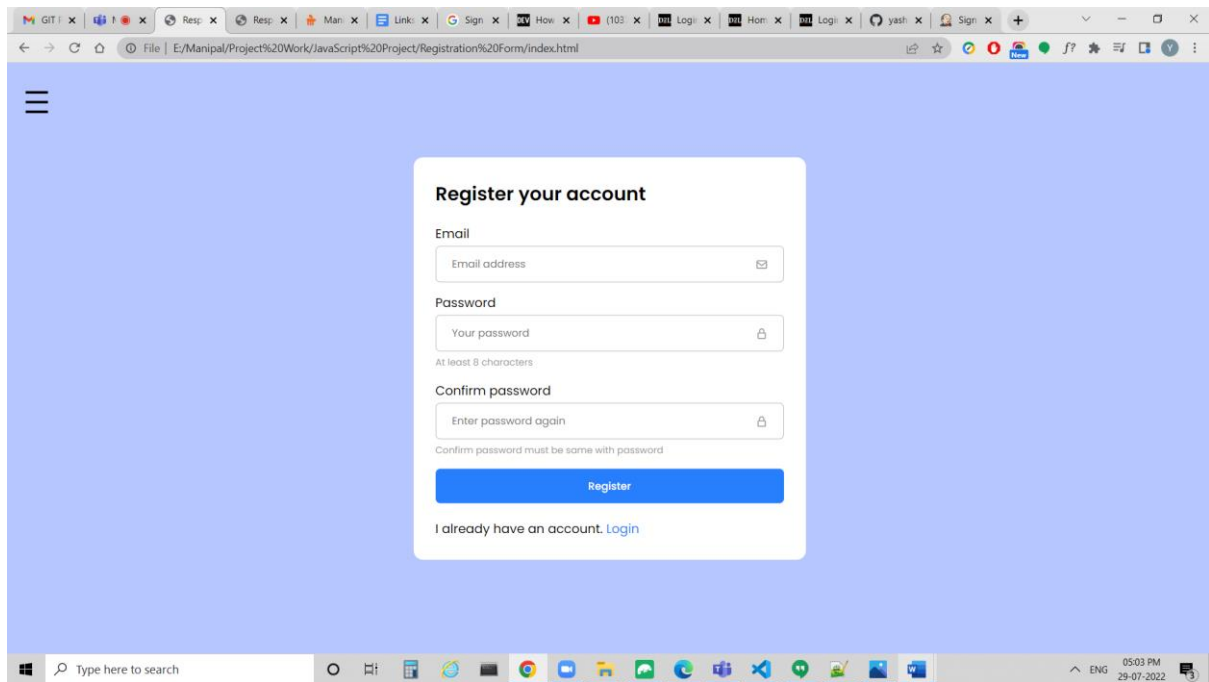

In the below screenshot, We have given the Email and Password in the correct format, so the Email and Password are highlighted in green color.

Register your account

We have Email, Password, Confirm password fields.

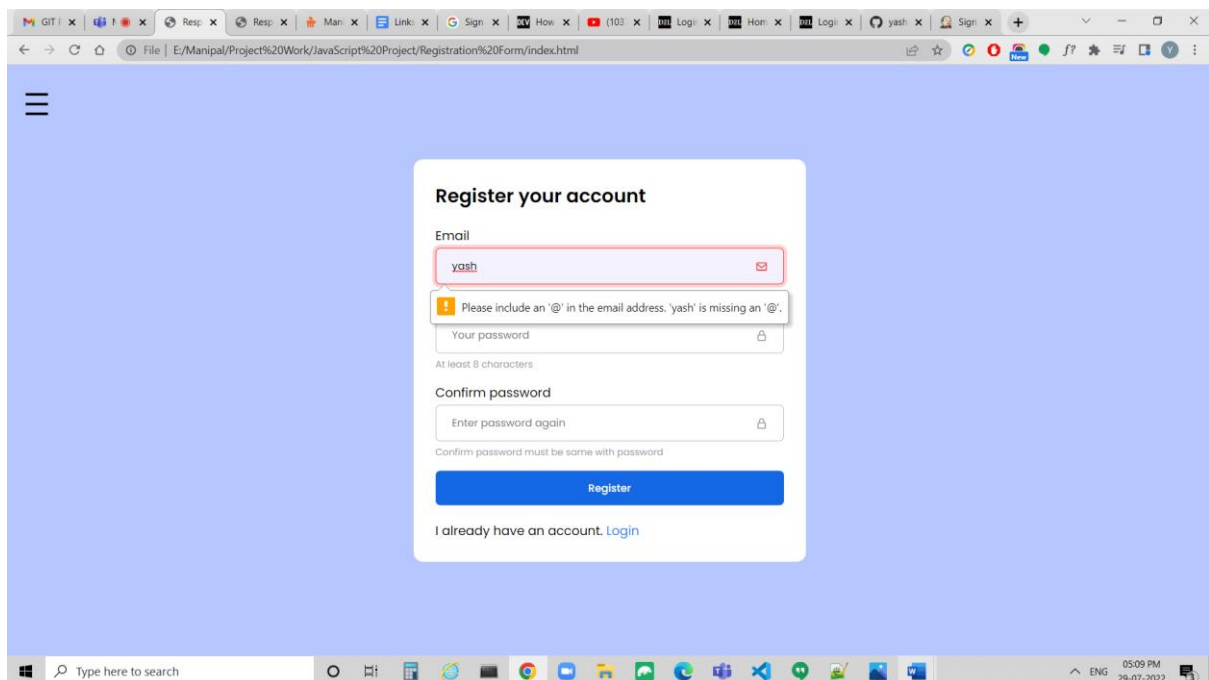

Validation in Register your account

We have Validation for Email, Password, Confirm password.

Email Validation

In the below screenshot, this Message is given: Please include an '@' in the email address. 'yash' is missing an '@'.

In the below screenshot, this Message is given: Please enter a part following '@'. 'yash@' is incomplete.

The screenshot shows a web browser window with a registration form titled "Register your account". The form has three input fields: "Email", "Password", and "Confirm password". The "Email" field contains "yash@" and is highlighted with a red border. A tooltip message above the field says: "Please enter a part following '@'. 'yash@' is incomplete." The "Password" field contains "Your password" and is also highlighted with a red border. Below it, a message says "At least 8 characters". The "Confirm password" field contains "Enter password again" and is highlighted with a red border. Below it, a message says "Confirm password must be same with password". A blue "Register" button is at the bottom of the form. Below the button, it says "I already have an account. [Login](#)". The browser's address bar shows the URL "File | E:/Manipa/Project%20Work/JavaScript%20Project/Registration%20Form/index.html". The Windows taskbar at the bottom shows the time as 05:10 PM on 29-07-2022.

Password Validation

The Password should be At least 8 characters long.

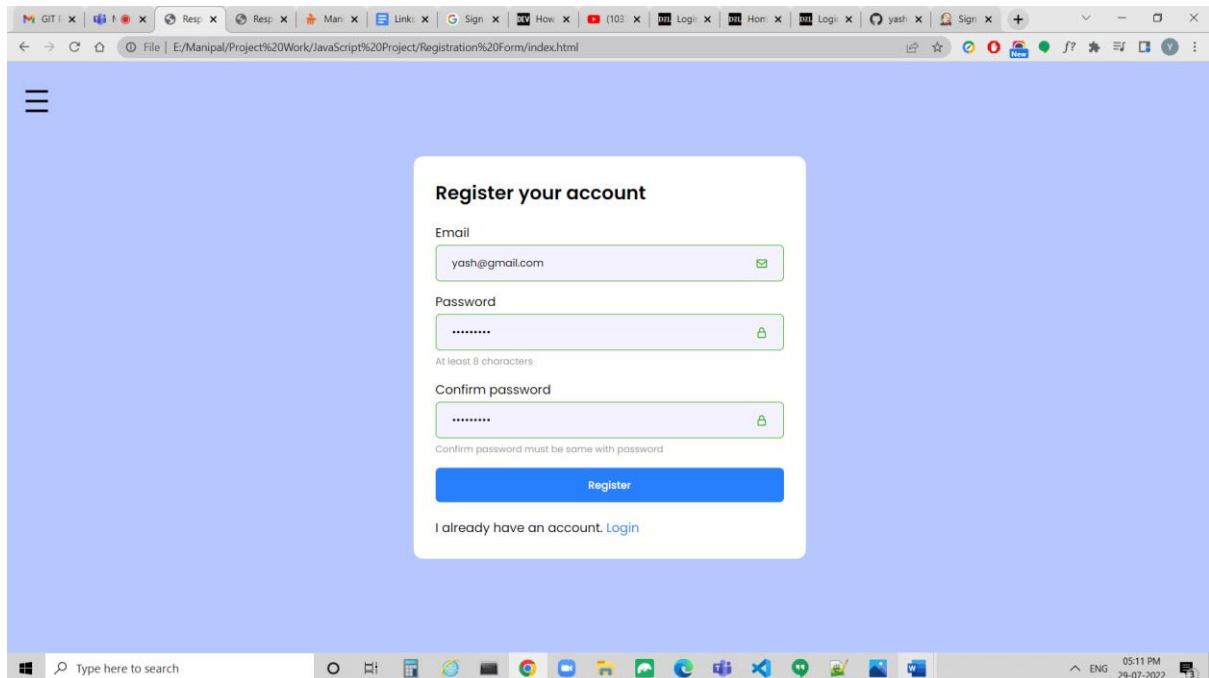

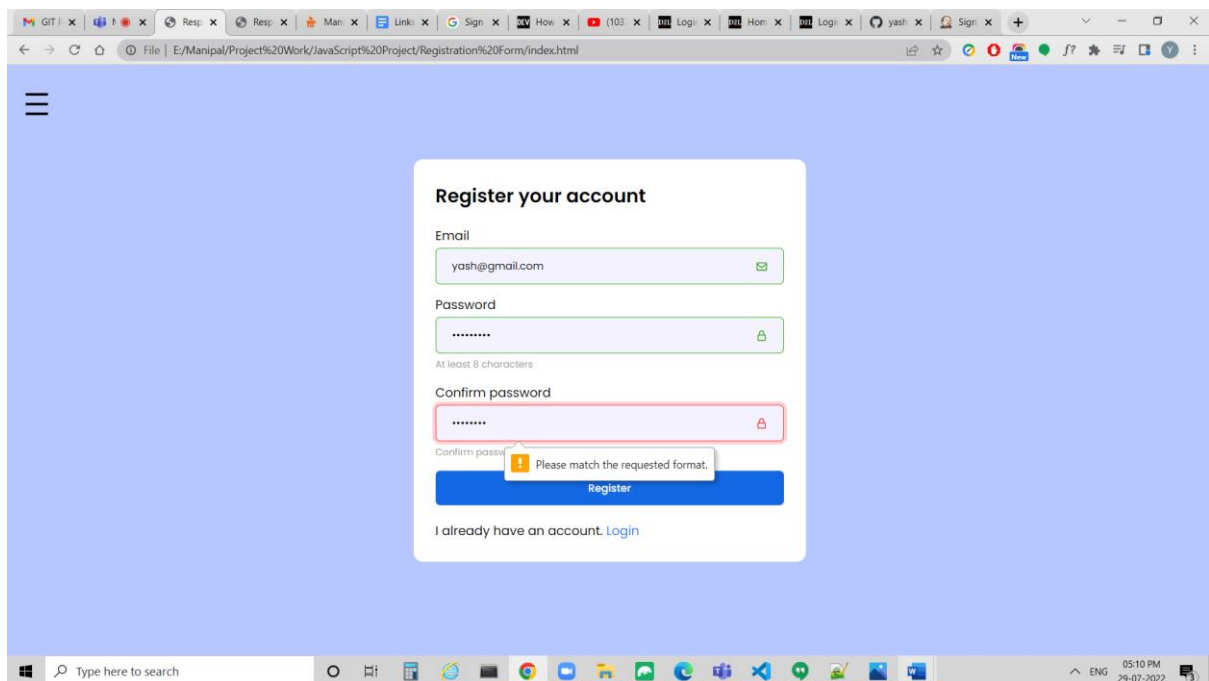

In below screenshot, we have given Password of less than 8 characters, so Password field is highlighted in red color.

The screenshot shows the same web browser window with the registration form. The "Email" field now contains "yash@gmail.com" and has a green checkmark icon. The "Password" field contains "*****" and is highlighted with a red border. Below it, a message says "At least 8 characters". The "Confirm password" field contains "Enter password again" and is highlighted with a red border. Below it, a message says "Confirm password must be same with password". A blue "Register" button is at the bottom of the form. Below the button, it says "I already have an account. [Login](#)". The browser's address bar shows the URL "File | E:/Manipa/Project%20Work/JavaScript%20Project/Registration%20Form/index.html". The Windows taskbar at the bottom shows the time as 05:10 PM on 29-07-2022.

In Confirm password field, the password should be same as the Password entered in the Password field.

In the below screenshot, In Confirm password field, we have entered Password which is not same as the Password entered in the Password field, so the Confirm password field gets highlighted in red color.
