This E Commerce Website is a website where there are products like Laptop, Mobile Phone, Clothes, Camera etc.

This E Commerce Website has Home Page, Contact Page, Login with your account and Register your account Page, Product Details Page

### Login with your account

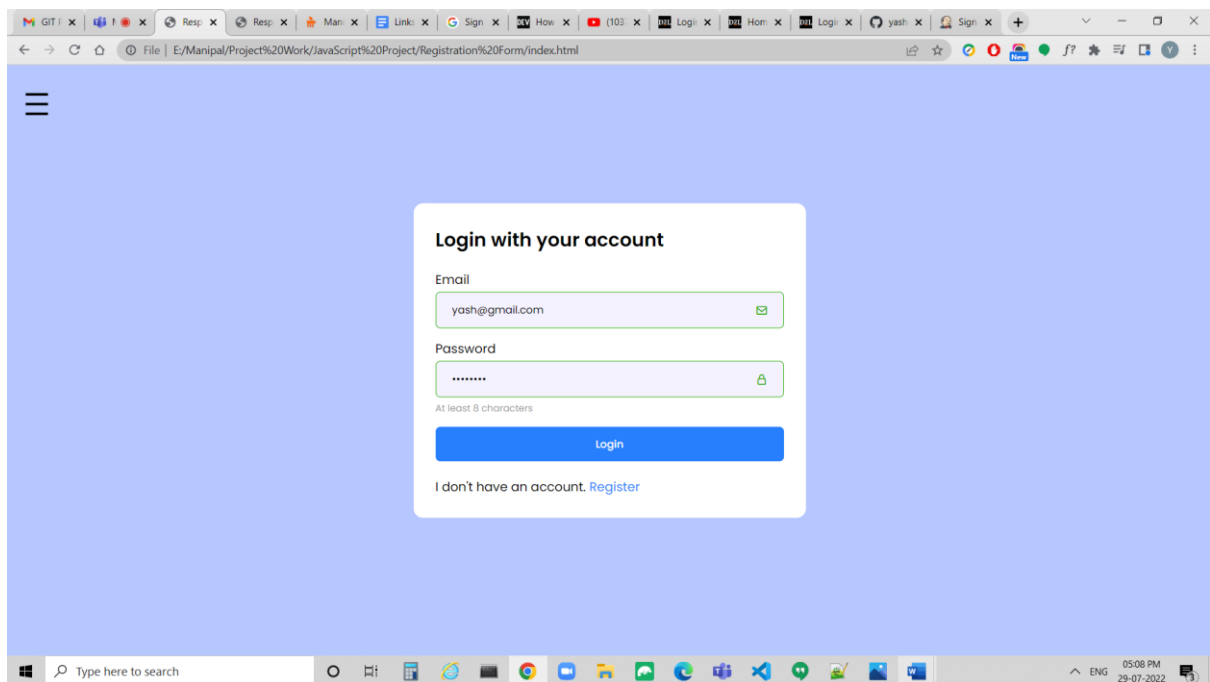

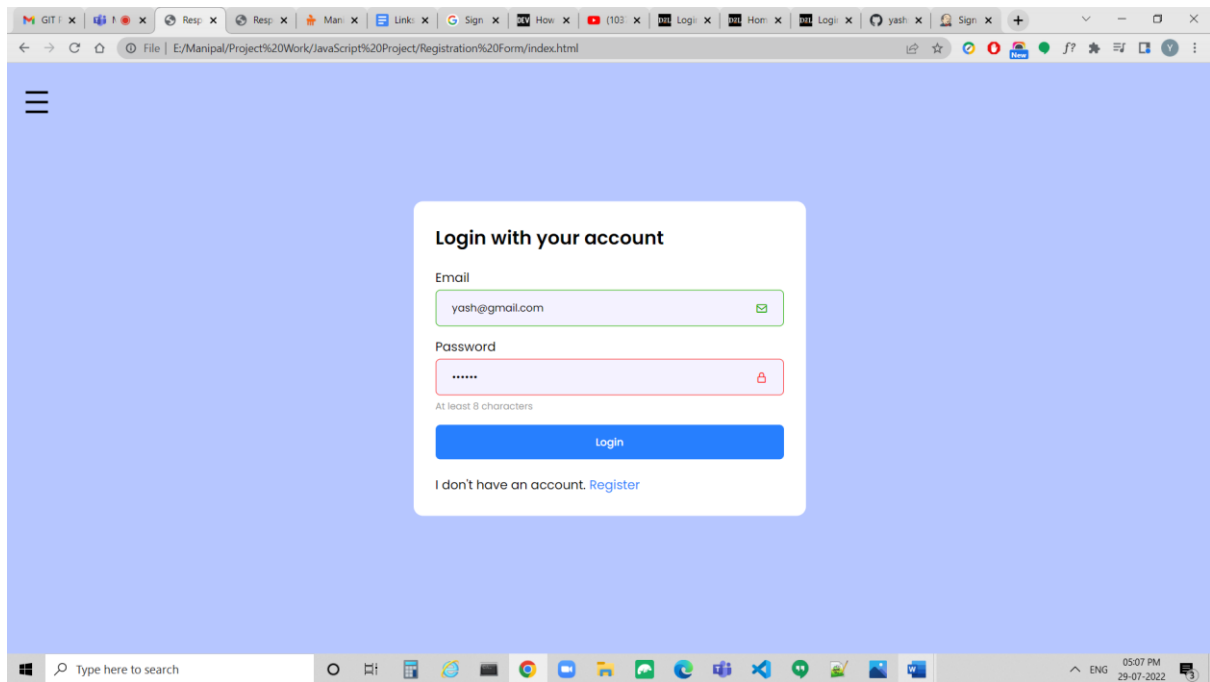

### Login Validation

## Email Validation

The screenshot shows a web browser window with a login form titled "Login with your account". The form has two input fields: "Email" and "Your password". The "Email" field contains the text "yash". A red border highlights the input field, and a yellow warning icon is present. A tooltip message reads: "Please include an '@' in the email address. 'yash' is missing an '@'." Below the password field, there is a note "At least 8 characters". A blue "Login" button is at the bottom of the form. A link "I don't have an account. Register" is at the bottom of the form. The browser's address bar shows the file path "E:/Manipa/Project%20Work/JavaScript%20Project/Registration%20Form/index.html". The Windows taskbar at the bottom shows the search bar and various application icons.

The screenshot shows the same web browser window with the login form. The "Email" field now contains "yash@" and the "Your password" field contains "Pas". A red border highlights the password field, and a yellow warning icon is present. A tooltip message reads: "Please enter a part following '@': 'yash@' is incomplete." Below the password field, there is a note "At least 8 characters". A blue "Login" button is at the bottom of the form. A link "I don't have an account. Register" is at the bottom of the form. The browser's address bar shows the file path "E:/Manipa/Project%20Work/JavaScript%20Project/Registration%20Form/index.html". The Windows taskbar at the bottom shows the search bar and various application icons.

## Password Validation

**Register your account**

The screenshot shows a web browser window with a registration form titled "Register your account". The form is centered on a light blue background. It contains the following fields and elements:

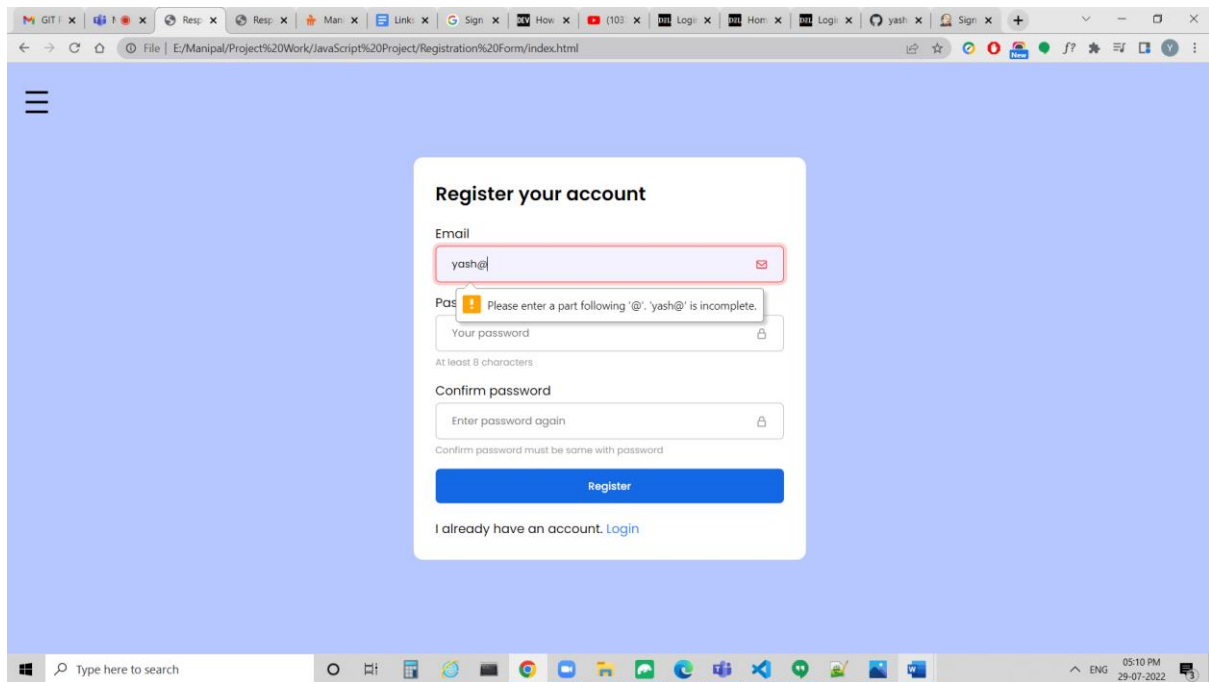

- Email:** A text input field with the placeholder "Email address".
- Password:** A text input field with the placeholder "Your password". Below it, a small text label reads "At least 8 characters".
- Confirm password:** A text input field with the placeholder "Enter password again". Below it, a small text label reads "Confirm password must be same with password".
- Register:** A blue button with the text "Register".
- Login:** A link that says "I already have an account. [Login](#)".

The browser's address bar shows the file path: `File | E:/Manipal/Project%20Work/JavaScript%20Project/Registration%20Form/index.html`. The Windows taskbar at the bottom shows the search bar and various application icons.

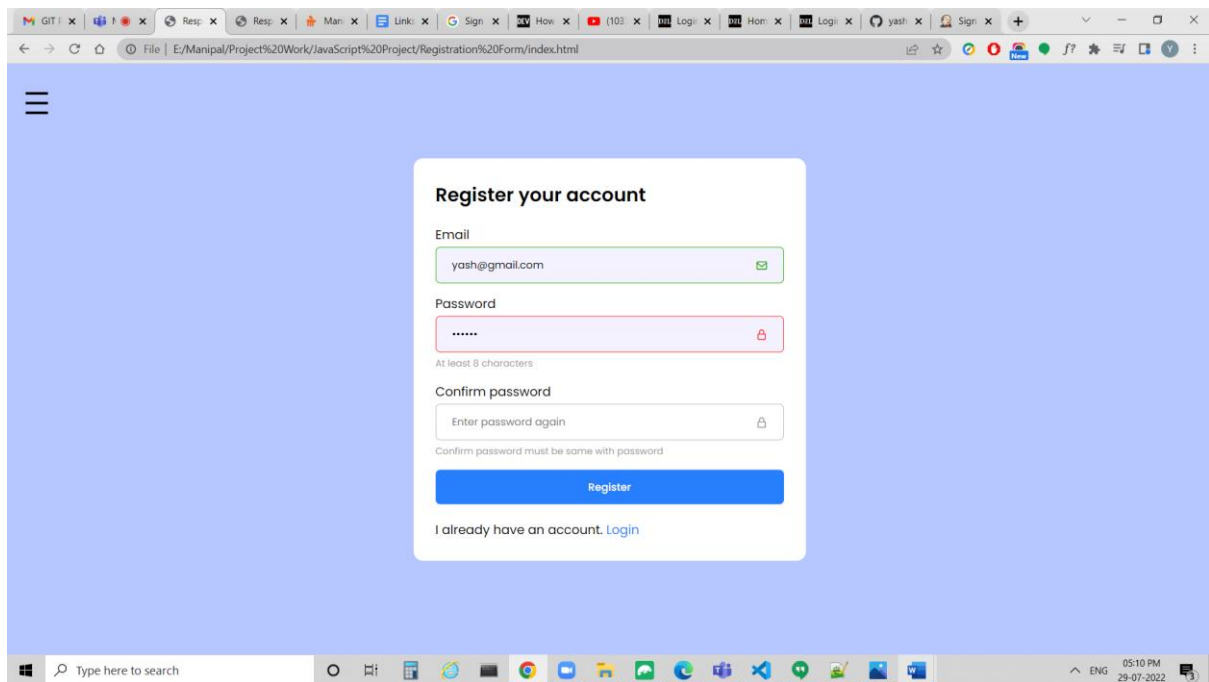

## Validation in Register your account

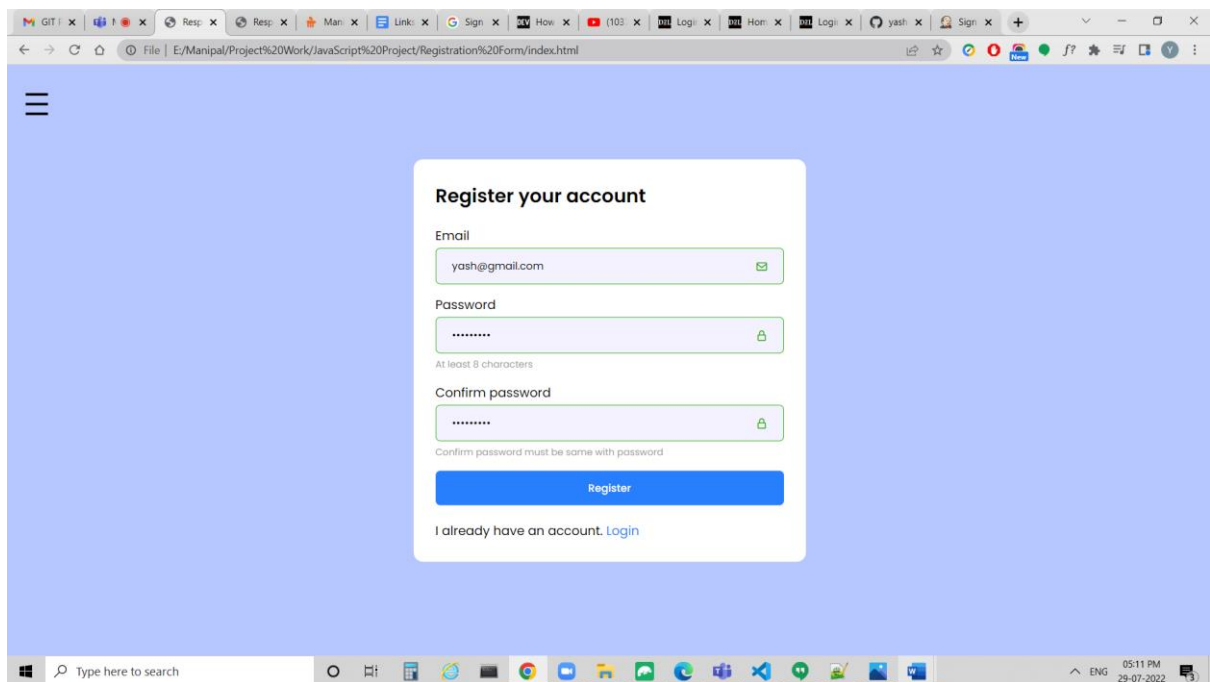

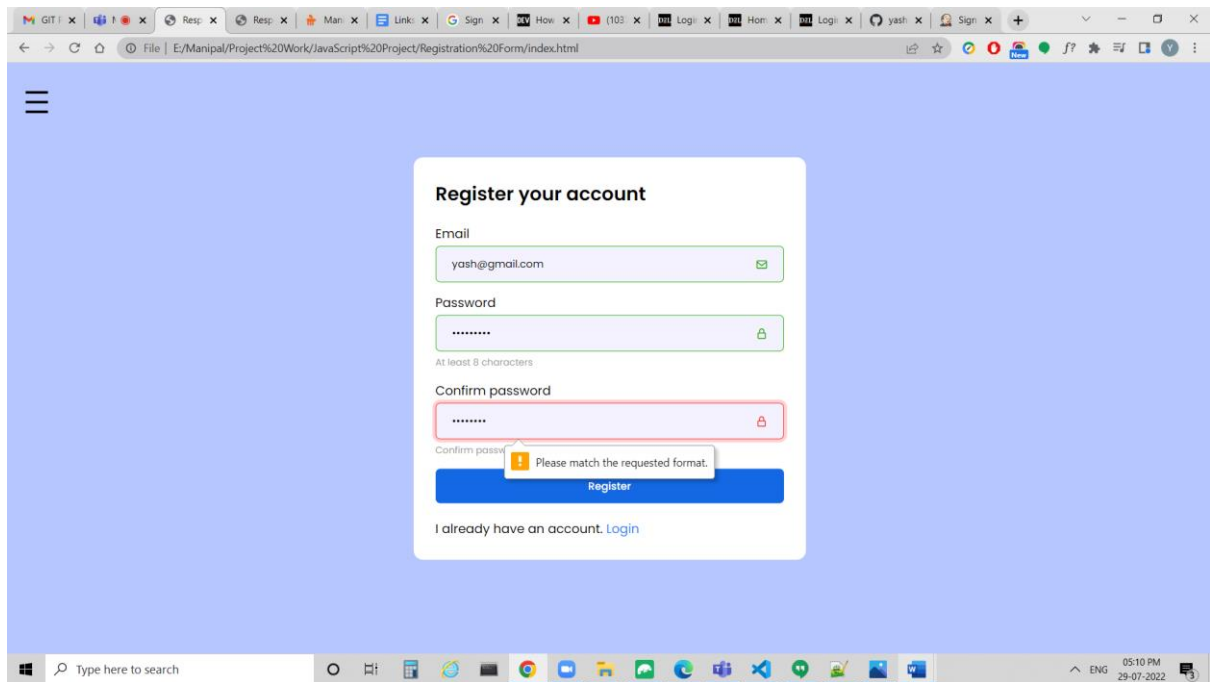

### Email Validation

This screenshot shows the same registration form as the previous one, but with an email validation error. The email input field now contains the text "yash" and is highlighted with a red border. Below the field, a yellow warning icon is followed by the message: "Please include an '@' in the email address. 'yash' is missing an '@'." The rest of the form, including the password fields, the "Register" button, and the "Login" link, remains unchanged.
